SUPERVISORS HOLD ADJOURNED MEETING

The Board of Supervisors met in adjourned session Monday, May 25, there being present Wm. H. Brown presiding, Jas. T. Casey, John MacBain and Jos. M. Francis.

A communication was received from the Woman's Board of Panama-Pacific International Exposition. Announcing that an organization known as the San Mateo County Auxiliary of the Woman's board had been formed for the purpose of assisting in the promotion of the county's interests in connection with the exposition.

The communication was accepted and filed.

A communication was received from the Federal Construction Company asking an extension of ninety days in its contract on the Middlefield road.

On motion of MacBain, seconded by Francis, an extension of sixty days was granted, being shown that the company still had 30 days before the expiration of the time limit specified in its contract.

Miss Anna Hadden of Salinas sent an application for the position of county librarian. The application was filed.

Jane Suling applied for State aid in the support of her two half orphan children and same was recommended on motion of Casey, seconded by Francis.

A deed of easement was received from the Ormondale Company, granting the county a strip of land six feet wide, for road right of way, being a portion of the Macdonough tract in the Third road district. The deed was accepted on motion of MacBain, seconded by Casey.

Bids were received as follows for grading section three of the road leading from Belmont to Crystal Springs lake:

Hess & Benson, \$6087.80.

Daniel Flynn, \$9373.

On motion of MacBain, seconded by Francis, the contract was awarded to Hess & Benson, the lowest bidder. The estimated cost was \$6,224.

The following bids were received for grading a portion of the road from Colma to Edgemark:

Federal Construction Company, \$12,338.34.

Blanchard-Brown Company, \$11,420.94.

On motion of MacBain, seconded by Francis, the contract was awarded to the Blanchard-Brown Company, they being the lowest bidders. The estimated cost was \$11,230. It is specified that the macadam shoulders are to be constructed at the expense of the First Road District.

District Attorney Swart informed the board that G. G. Blymyer, & Co. of San Francisco had purchased the Montara school bonds at the last meeting, offering a premium of \$7.50, believing that the rate of interest was 5 1/2 percent, when in fact the rate is 5 1/4 percent, they being misled through an error in the advertisement. The company has since refused to take the bonds, and Mr. Swart had succeeded in securing a buyer through the Bank of South San Francisco.

A resolution was adopted on motion of Francis, seconded by MacBain, confirming the sale of the bonds to the South San Francisco bank.

The District Attorney stated that a number of buyers were on hand to take the State Highway bonds, amounting to \$125,000, about to be purchased by the board. He suggested that the bonds be at once disposed of.

It was ordered on motion of MacBain, seconded by Casey, that the sale be made at once and that each bidder be required to accompany his offer with a certified check for \$2500.

Bids were opened as follows:

Bond & Goodwin, \$119,825.

E. H. Rollins & Son, \$118,875.

Byrne & McDonald, \$119,800.45.

On motion of MacBain, seconded by Casey, the bonds were ordered sold to Bond & Goodwin, they being the highest bidders, and the Treasurer directed to deliver the bonds to said successful bidders.

Surveyor Neuman, Geo. O. Rousell and B. F. Yount, the viewers heretofore appointed to view and lay out section three of the road leading from Belmont to Crystal Springs lake, rendered their report which is substantially as follows: Length of road, 5,632 miles; estimated cost of grading, exclusive of rights of way, \$45,000. The estimated damages to the several owners through whose land the road will run are: Harriet Pullman, none; Pothills Development Company, none; Barre estate, none; Mateo Machado, \$50; Spilvaio estate, none; James Curran \$150; Spring Valley Water Company, none; Rowell & Avella, \$40. There are no nonconsenters and the damages awarded are acceptable to all of the owners.

The report was accepted on motion of MacBain, seconded by Casey. Plans and Specifications for the Bay Shore road, leading from South San Francisco northward to the county line, a distance of three and nine-tenths miles, were presented by Surveyor Neuman and after slight amendment were adopted on motion of MacBain, seconded by Casey. The clerk was directed to pub-

Has a notice calling for bids for the work of constructing the road.

Mrs. Lydia Dugan offered as a site for the county jail, a lot on Broadway having a frontage of forty feet and one hundred feet deep, to which is joined a strip twenty-five feet wide, forming a right angle and fronting on Washington street, being sixty feet deep. For the Broadway property she asked \$8000 and for the Washington-street property \$1750.

It was the opinion of the board that the Broadway property was too narrow. H. C. Tuchen, representing Mrs. Dugan, stated that additional frontage could be secured. With this understanding the matter was laid over for one week, on motion of MacBain, seconded by Casey, it being understood that it will then be settled.

On motion of MacBain, seconded by Francis, the clerk was directed to advertise for bids for the construction of the road from Tunitas to San Gregorio.

On motion of Francis, seconded by MacBain, the surveyor was directed to prepare plans and specifications for a retaining wall at Sawyer's camp, in the Second road district.

Surveyor Neuman presented plans and specifications for a concrete bridge across the Alembique creek in the Third district which were adopted on motion of MacBain, seconded by Casey, and the clerk directed to publish a notice calling for bids for the construction of the bridge.

District Attorney Swart was called upon for an opinion as to the board's power to award a contract for printing the delinquent tax list and advised the board that the Tax Collector had the giving out of that work, according to the Attorney General.

MacBain moved that the bids that were before the board be opened. The motion was lost for want of a second.

Feeble Old People

Are Told How to Regain Strength and Vigor.

As one grows old the waste of the system becomes more rapid than repair, the organs act more slowly and less effectively than in youth, the circulation is poor, the blood thin and digestion weak.

Vinol, our delicious cod liver and iron tonic without oil is the ideal strengthener and body-builder for old folks, for it contains the very elements needed to rebuild wasting tissues and replace weakness with strength. Vinol also fortifies the system against colds and thus prevents pneumonia.

Mrs. Mary Ivey, of Columbus, Ga., says: "If people only knew the good Vinol does old people, I am sure you would be unable to supply the demand. I never took anything before that did me so much good as Vinol. It is the finest tonic and strength creator I ever used in my life."

If Vinol fails to build up the feeble, old people, and create strength we will return your money.

W. R. C. Honor Their Dead

Memorial exercises in memory of the late Margaret Groner, the only member who passed to the great beyond during the past year, were held last Friday afternoon by Gen. George S. Evans Woman's Relief Corps, at their hall. The occasion brought out an unusually large attendance, among whom were several members of the Grand Army of the Republic. The "vacant chair," a beautiful custom of the order, set apart for the missing member, was draped in purple as emblem of mourning. The exercises opened with the singing of the ever appropriate "Rock of Ages." Miss Clarissa Dodge rendered a beautiful solo entitled "Somewhere the Sun is Shining," which was followed by the chaplain's prayer and a dirge by Mrs. M. E. Hanson. "In Memoriam," dedicated to Margaret Groner by Augusta Geary, was read by Dora Wilson, the service closing with the song, "Nearer My God to Thee."

In attendance to witness the beautiful ceremonies were two notable members of the order, Mrs. Geraldine E. Frisbie, past national president, and Mrs. L. May Eley, president of the board of trustees of the Old Ladies' Home at Evergreen.

IMPRESSIVE OBSERVANCE OF MEMORIAL SUNDAY

Memorial Sunday was observed by members of Geo. S. Evans Women's Relief Corps with special services in the evening at St. Peter's Church. When the services began the church was filled to its capacity by a congregation composed largely of members of the Relief Corps, the Grand Army of the Republic and their friends. The services, while simple, were especially appropriate and touching. In addition to the usual evening service of the church, appropriate hymns were rendered by the vested choir and children of the Sunday School.

The sermon by the rector, Rev. David Crabtree, was a splendid effort, dealing most appropriately with the sentiment of the occasion. Without selecting a special text, the speaker opened his subject with the expression of a sentiment that made the custom of this annual remembrance of the dead a time of inspiration to patriotism on the part of the living—a time when love of country was most forcibly instilled into the hearts of the aged and the youth. War he characterized as a relic of barbarism, an evidence on the part of humanity of lack of self control, an inability on the part of nations to ascend to the higher plane designed by the Creator or al'. Viewed in this light, he pronounced the Civil War as really unnecessary, but still a struggle out of whose bloody history came great blessings, of which emancipation was far from the chief.

While this was a blessing, it was one which must have come ultimately, the result of human progress. The greatest blessing of the war, said the speaker, was the permanent union of the Union, the final struggle between brother and brother, between father and son, which ended with a universal acknowledgment of the absolute indissolubility of the Nation. Well may we honor the soldier dead, every one of whom offered their lives from a conviction of right. They were men who knew how to die. Well also may we honor the soldier living. Not alone did they show that they knew how to die, but their lives since have demonstrated that they have known well how to live. While these soldiers have left an honorable record, there is another class of men who should not be overlooked in the record of honor. These are soldiers of peace, men who are taking an equally honorable part in the battle of life. In every community these are to be found. Men who are humble followers of the Great Leader, who bravely meet life's problems and face the solemn duties of life without flinching, never deviating from the course of right and truth. In honoring the illustrious dead, let us learn to make our own lives worthy of memory.

DOMESTIC SCIENCE EXHIBIT AND COOKING CLASSES
The ladies of Redwood City and vicinity, especially the progressive, ambitious and frugal, will hail with delight the free cooking classes to be given all of next week, by the Sperry Flour Company, in the I. O. O. F. hall, with Mrs. Nora B. Gardner, a well known domestic science teacher in charge.

Mrs. Gardner is a graduate of two of the best cooking schools in the United States and is said to be wonderfully proficient in the culinary art.
In these days of stress of work and pressing duties and real time can be had from the drudgery of kitchen and daily grind will be welcomed.
One thing which will interest the ladies of the household most will be Mrs. Gardner's scientific making of bread and bread stuffs, the so called staff of life, being her subject on the opening, at which time she will illustrate her well-known three-hour method, yeast set, bread out of the oven—all in three hours.

From every angle from which you choose to regard these demonstrations of cookery, they are bound to be most helpful, and it is s'p'e to predict in advance that Odd Fellows' hall will be a scene of great activity each day during the coming week.

Miss Fox Given Shower.
The young ladies employed in the courthouse and those connected with the abstract offices gave a miscellaneous shower to Miss Bee Fox in the library of the courthouse building Thursday afternoon. The shower was in the nature of a surprise party. Miss Fox not knowing what all the excitement was about until she was called into the library where she beheld tables neatly adorned and covered with plates of ice cream and cake. In the center of one of the tables was a fragrant bride's bouquet. For over an hour twenty-three young ladies made merry, jesting and joking the bride-to-be and felicitating her on her approaching marriage. The bouquet was caught by Miss Irene Roche, which according to an old tradition, will certainly be the next bride. Miss Fox and Mr. Diamond will be united in marriage about the middle of June. The following young ladies were among those present:

Bee Fox, Annie Agrotti, Norma Jacobus, Jane Stott, Josephine Klotz, Georgina Gray, Jane Lane, Mabel Spence, Genevieve Hodgdon, Francis Murray, Irene Roche, Gertrude Morgan, Edith Carleton, Dolly Bacon, Berdie Bacon, Margaret Domes, Marie Rike, Pearl George, Nellie Mi-montes, Katherine Burke, Alice Holden, Pauline Hanson, Ellisor Falvey, Carrie Huff and Gertrude Pitcher.

The First Principle
Of the Salaried Man Should Be—
TO SAVE

It is possible that luck may play an important part in the quick making of fortunes, but it has nothing to do with fortunes accumulated from the savings of labor.

A bank account, however, will be of assistance and the young man or woman who will take this method of saving from his or her salary will eventually reach the desired goal.

There are a great many Beers brewed throughout our country and put upon the market under the brand of "Bohemian." For the purpose of individualizing our product and also for the reason to link it closer to the name of our plant, we have decided to re-christen our popular "Bohemian" and call it plain "Buffalo Lager."

On April 1st of this year our new Bottled Beer will be put on the market dressed in the New Label. It is our endeavor that the new label shall represent extreme care in brewing and expert inspection at every stage of production from the raw material to the pecking for marketing. Only the best materials are used for the manufacture of "Buffalo Lager," which coupled with up-to-date methods in the art of brewing will present to the beer drinking public a Table Beer "par excellence."

We thank you for the many past favors received at your hands and sincerely solicit the continuance of your patronage.

GRADUATING CLASS OF LOCAL HIGH SCHOOL ARE GIVEN THEIR DIPLOMAS.

The seventeenth annual commencement exercises of Sequoia Union High School were held in the Alhambra last night, and as usual the house was packed with friends and acquaintances of the fourteen graduates. Maces of flowers were in evidence, testifying to the popularity of the students.

The "half hour of music," which is always an interesting feature, was devoted to the rendition of the "Wreck of the Hesperus," a cantata by Anderson. Mrs. John D. Gish and Mr. John F. Jones of Palo Alto assisted. The whole production was a credit to the school and to the teaching of Mr. Carrington.

The following are the members of the graduating class:

Adrian Carleton, Menlo Park. Helen Curran, Redwood City. Jennie Larroy, Redwood City. Catherine O'Dea, Menlo Park. Bernard Larroen, Menlo Park. Anne McDonnell, Menlo Park. Maude Moore, Redwood City. Mary O'Brien, Redwood City. Harold Parker, Redwood City. Belle Ramirez, Redwood City. Cecelia Roche, Menlo Park. Ruth Thomson, Menlo Park.

The Salutary was given by Harold Parker, and the oration by Stephen Tichenor, and both were well given. The valedictory is given by the student having the highest record for four years in school, and this honor fell to Anne McDonnell. She spoke as follows:

"The emphasis of the world in every field of activity has resulted from untiring work and faithful service on the part of those who tried to improve conditions. Thus will it ever be. Service turns the wheels of fortune, opens the gates of commerce, overcomes war and raises cities. It is the secret of success in business, in art, in science, and in every pursuit of life.

Now what does service, this great factor in the world's progress, mean? It is often misinterpreted to mean something mental and unworthy. But this is a misconception. Service is noble, no matter in what line that service may be rendered. If performed honestly and unselfishly, it will result only in good to the doer. The person who does not regard service in this light but avoids it instead, does not realize what he throws away.

How dull and stupid the life of an individual is who never attempts to be of service to his community or country. He is a useless member of society, a dead weight, merely clinging to the wheels of progress. But for this type of person that wheel would turn more rapidly. They begin life wrong by trying to make their way without ever doing anything for others.

This selfishness soon becomes a habit and that habit clings to them, for habit, is not conquered, soon becomes the conqueror.

What has made our country as great as it is today? Service. The path of the early pioneers was one of hard service. They settled in a country entirely new, homes had to be built, a government had to be established and laws made, commerce and manufacturing had to be built up, even a great war had to be fought. Did they shirk all these? This free and independent country shows that they did not. Can we not continue to try as hard as they did to make our way?

Let us see to it that it is an intelligent vote and a vote for what is just and right. Our safety lies not in our institutions but in ourselves. "To labor is to pray." What we earnestly desire we will earn, toil to accomplish.

The great men of the country have never tried to avoid service. They had done so we would not have them today. Every great accomplishment in the world stands a monument, not only to progress but to the men and women who gave of their lives and ability, even their lives if necessary, to its completion. Through sacrifice the great things of the world have been accomplished. Recently an engineer died in John Hopkins Hospital. He suffered from a growth in the brain, produced by eight long years of arduous labor in the construction of the Panama Canal. He is but one of 6,718 who have already paid with their lives the tremendous cost of this canal—one of the world's greatest achievements. The things that have brought triumph and glory have always been bought by unselfish service. The successful life is along this road alone.

Washington and Lincoln, the two greatest men of which our country can boast, have proved to us by their lives that service is noble. The former a rich man, the latter a poor one, both stand equal in the eyes of the American people because they served that people unselfishly. Washington's service to the country in the French and Indian War and especially in the first for American Independence is familiar to all. So nobly did he manage affairs that after the war, the people begged him to be their king, and he had to use all his power to make them see the situation in its true light. He not only refused to be a king but would not even take pay for his great service. It was enough for him to know that his country was free and independent. Here was a noble servant indeed.
